

Welcome to NCSA! Please take a moment to review this document to help you install software that you may need on your new machine.

The University of Illinois has a campus wide license to Microsoft Office products for use on your machine.

1. To download this software by going to office.illinois.edu in a web browser.
2. You will be presented with a page that contains an Office 365 login box similar to the one below

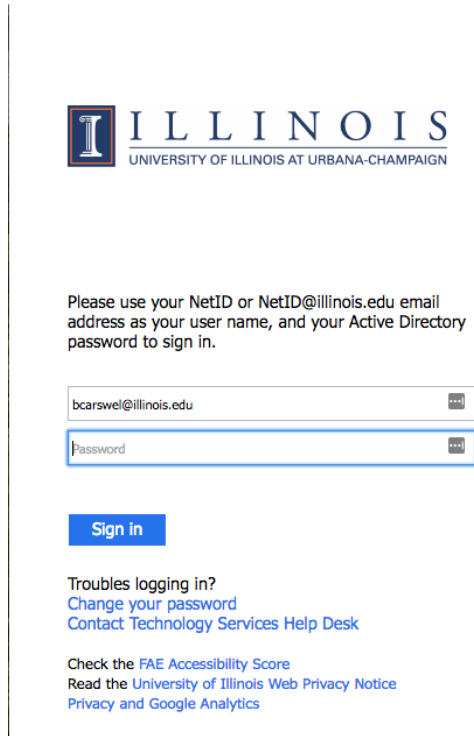

Work or school account

Keep me signed in

[Sign in](#) [Back](#)

[Can't access your account?](#)

3. Enter your Illinois email address in the box and press the TAB key. You will then be re-directed to the Illinois Office 365 sign in page:

4. Enter your Campus Active Directory account password (same as logging into webmail) and click sign in.
5. Once you are signed in, you will see a button that says "Install Now" click it to download the installation file for Office 365 – your operating system will automatically be detected.

Adobe® Creative Cloud

Adobe Creative Cloud is available to University of Illinois employees thru the webstore located at: webstore.illinois.edu. You can login using your University NetID and Password to download the programs that you need!

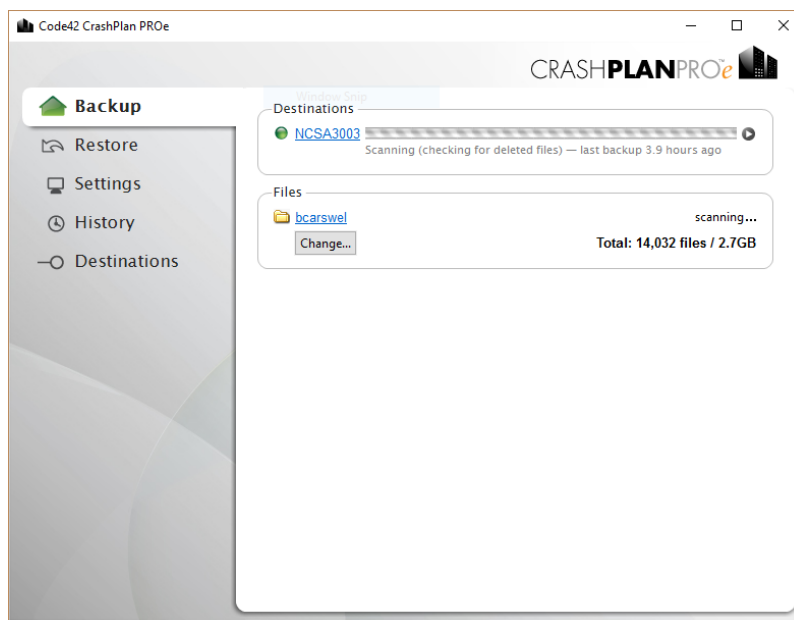

CRASHPLAN PRO™

NCSA uses CrashPlan to back up our user's data to servers located in both of our buildings.

For more information, including program download links, please visit:

<https://wiki.ncsa.illinois.edu/display/ITS/Backups>

If you have any other software needs or questions about systems at NCSA – please contact our IT Support Team!
