

OPEN SOURCE DATA MANAGEMENT FOR RESEARCH

A cluster of independent services (cats) to help you manage your research data.

All Paws - March 13, 2017

Who is this meeting is for?

- For the community to learn about the status of the project and future directions
- Every month
- Recurring 3pm Monday?
 - To overlap with internal dev meeting
 - Not convenient for several collaborators in other timezones
 - Will have to pick an earlier time

Meeting Format

- Agenda
 - Release status (10 + 5 mins)
 - 3 Lighting talks (10 + 5 mins each)
- Lighting talks
 - A good balance between features and technical details
 - Overview for further discussion outside this meeting
 - Anyone can propose topics ahead of time
 - email me or post on mailing list
 - Open to anyone who might be interested
 - Invite anyone who might be interested
- Presentations archived on NCSA opensource Wiki

Communication & Collaboration

Open Source Software

<https://opensource.ncsa.illinois.edu/bitbucket/projects/CATS>

The screenshot shows the Bitbucket web interface. The top navigation bar includes the Bitbucket logo and links to Projects, Repositories, Favourites, People, and Snippets. The left sidebar contains icons for repositories, a plus sign, a download icon, a bar chart, an eye, a document, a bar chart, and a gear. The main content area is titled 'Repositories' and is divided into 'Favourite Repositories' and 'Global Repositories'. Both sections list repositories with a 'Name' column.
