

2018-11-12 - ISDA Team - Stand-up Meeting Notes

Even dogs need help sometimes too - you know how we have comfort dogs? There are Comfort Kids!

At the Humane Society of Missouri, kid volunteers comfort anxious shelter dogs by reading to them.

Happy WoofDay!

Who	Planned - Monday	Accomplished - Friday
Bing Zhang	<ul style="list-style-type: none"> add threads in bdbbox to do asynchronous extraction on files. config bdbbox url hostname. update stitching extractors to put more information on output filename deploy extractors as docker-compose file on industry prod cluster. 	<p>In Review:</p> <ul style="list-style-type: none"> add threads in bdbbox to do asynchronous extraction on files. <p>Done:</p> <ul style="list-style-type: none"> config bdbbox url hostname. update stitching extractors to put more information on output filename fix tagging extractor to check empty tag name. deploy aws-monitor on industry dev cluster.

Sandeep Puthanvetil Satheesan

Shannon Bradley

Yan Zhao

- one day vacation
- BD
 - review PR.
 - help with Bing to check OCR & simplelanguage extractor. if submit the file to clowder, extraction works fine, but if only submit to clowder without extraction, then use simplelanguage extractor to process, it is not working. should not be the problem of bd.py or fence, just on clowder.
- CC
 - modification for fertilizer in PR, have a separated react.js component for fertilizer, then we can add other field easily.

Yong
Wook
Kim

- Implement location model aws sqs monitoring system for both simpl and simpl-dev
- Add swagger function to incore data service
- Refactor Recovery Model based on base analysis
- Refactor Tornado EPN Damage based on base anlysis

- vacation
