[Bethany Blakely](#)

[Rob Kooper](#)

[Minu Mathew](#)

[Taylor Pederson](#)

## Agenda

1. Check sorghum post pyflux pro
2. Run maize basalt whole year
3. In L2.txt, is the `plot` section required or mandatory?
  - a. Not mandatory. L2 will run with or without Plots
4. In L2.txt, for RangeCheck - in some files the number of lower range items and upper range items does not match. Is this ok?
  - a. There will be either 1 or 12 (one for each month) comma separated items. Nothing in between.
  - b. If there is 1 item, that is repeated for every month (so it repeats the one item to all months).
5. L2.txt RangeCheck - there should be upper and lower?
  - a. Both lower and upper are mandatory
6. Additional data for other sites.
  - a. Taylor or Bethany will send the data.
