Clowder

Welcome to the Clowder development wiki!

If you are interested in getting involved in the development of Clowder this is the place to be.

New to Clowder? Please take a look at this introduction clowder.ncsa.illinois.edu.

Have questions? Ask in [Slack](#) or the [mailing list](#).

Need access to this space?

Visit the main NCSA opensource [page](#) for this project. If your name is not on the list please sign up to NCSA opensource using the Login > Register button on the upper right. If you already have an account or need access to this specific page please email Imarini_@_illinois.edu.

How can you get involved in the development of Clowder?

Clowder is open source. Please take a look at [how to contribute](#) and ask questions in [Slack](#) and/or the [mailing list](#).

Acknowledgements

We are very thankful to the following companies for letting us use their wonderful software for free to develop Clowder under an open source license:

- [JetBrains](#) for kindly giving us an open source license for their awesome IntelliJ IDEA
- [Atlassian](#) for kindly giving us an open source license to their software development products that make our daily efforts so much easier
- [YourKit](#) for kindly giving us an open source license for their YourKit Java Profiler, for those times when things get really tough
- [Balsamiq Mockups](#) for kindly giving us an open source license for their rapid wire framing tool that makes iterating over designs so much faster and enjoyable
