Date

27 Sep 2017

Attendees

- Sandeep Puthanveetil Satheesan
- Unknown User (a-craig)
- Elizabeth Wuerffel
- Jeff Will
- Paul Rodriguez

Goals

- Meeting rescheduling (Sandeep has a Brown Dog meeting at the same time)
- Updates
- Demo

Discussion items

Time	Item	Who	Notes
		Sandeep	- Added API endpoint for adding a promoted metadata field - Added code to connect the user interface for fetching and displaying already existing promoted metadata fields - Added code to submit a new promoted metadata field from user interface - Some more coding remaining but should be able to wrap it up in a week - Will concentrate on making the demo instance ready before the end of project
		Paul	Continuing with object recognition tests on Google Vision API, DarkNet, Places, etc.
