2018-06-26 Meeting notes

Date

26 Jun 2018

Attendees

- Marcus Slavenas
- Becky
- Leslie
- Marilyn
- Bill
- Surenedra

Discussion items

Item	Notes
Model	• Marcus and Nancy can stop the focus on replicating Surendra's SAS graphs. • Marcus will now focus on getting the calibration of new models to work. This will involve putting the rest of Nancy's Fortan code into Python. • Marcus and Surendra will meet on Friday so that Surendra can guide Marcus through the model before Surendra leaves for Nepal. • Surendra will be at next week's meeting July 3rd, but that is the last meeting he will attend.
