## Discussion items

| Item  | Notes   |
|-------|---|
| Model | <ul style="list-style-type: none"><li>• Marcus and Nancy can stop the focus on replicating Surendra's SAS graphs.</li><li>• Marcus will now focus on getting the calibration of new models to work. This will involve putting the rest of Nancy's Fortan code into Python.</li><li>• Marcus and Surendra will meet on Friday so that Surendra can guide Marcus through the model before Surendra leaves for Nepal.</li><li>• Surendra will be at next week's meeting July 3rd, but that is the last meeting he will attend.</li></ul> |
