## 2018-11-12 - ISDA Team - Stand-up Meeting Notes

Even dogs need help sometimes too - you know how we have comfort dogs? There are Comfort Kids!

## At the Humane Society of Missouri, kid volunteers comfort anxious shelter dogs by reading to them.

Happy WoofDay!

Who	Planned - Monday	Accomplished - Friday
Bing Zhang	<ul> <li>add threads in bdbox to do asynchronous extraction on files.</li> <li>config bdbox url hostname.</li> <li>update stitching extractors to put more information on output filename</li> <li>deploy extractors as dockercompose file on industry prod cluster.</li> </ul>	In Review:  • add threads in bdbox to do asynchronous extraction on files.  Done:  • config bdbox url hostname.  • update stitching extractors to put more information on output filename  • fix tagging extractor to check empty tag name.  • deploy aws-monitor on industry dev cluster.
Benjamin Galewsky	Wrap up Brown Dog Box Skills     Submit NanoManufacture     Graphene recipes to test     Materials Data Facility Repo     Write up ESIP Winter Conference     Session outline	
Chen Wang	debug network analysis     sync github with Bitbucket, and release the code     write an interface to allow user to upload their own data  INCORE     hazard viewer jupyterlab plugin     TBD	debug network analysis     sync github with Bitbucket, and release the code     write an interface to allow user to upload their own data  INCORE     investigate how does Launcher works
Christoph er Navarro	Cover Crop Code review FarmDoc Code review Sprint/release planning for December conference /meetings Pls will demo at Ergo Code review Work on wrapping up KISTI work IN-Core Joplin paper Task planning to harden services for opening up to COE Finish NGA attenuation migration to v2 Code Review Other Arrange meeting with faculty fellow to touch base Ethics training	

Craig Willis	<ul> <li>WT</li> <li>Planning/requirements</li> <li>RDA travel fellow kickoff meeting</li> <li>CHEESE</li> <li>Submit IRB</li> </ul>	
	<ul> <li>Follow up on security audit</li> <li>First pass at contribution guidelines</li> </ul>	
	NDS	
	Provision K8S cluster in ISDA for NCSA Workbench and JH.	
	TERRA-REF:	
	Work with Mats/Max to finalize Pegasus prototype on PSC and ICC	
	CiS:	
	Fixed final bugs	
Gowtham Naraharis etty	INCORE     INCORE-592: Refactor Water     facility Damage with base analysis     Hurricane roughness factor GIS     refactoring?     Farmdoc	
	FD-56: Bug to preserve login session across tabs.  Move both pages(input & chart) to a single layout?  Work on mobile friendliness?
