Discussion:

Topic	Discussion
Debugging extractors	Probably related to box client being in python 3 - BDcli is python 2 Talk to Sandeep - he is maintaining the python 3 ver of BDcli OCR works
Finding extractors to include	Skills are working - looking for extractors to include Working on porting Galaxies is there an option for University Library that would work
	NLP is blue VMs updated and fix tests
CZO	Yan uploaded code - search is not finished - will work on that next Bing will work with Yan to create extractor to call the endpoint Populate with good mappings - pick which files to use Yan can make a confluence page to show what her code returns – readme instead
