Goals - Technical Meeting

- 1st Friday of Month will be webinar open to anyone with the link (will be on the Clowder main website).
- Other 3 weeks will be technical meeting for developers to discuss code, planning, etc.
- Will start inviting more people - and we can send link to people on individual basis for invitation
- CSSI - we now have some funding to pay for hardening of Clowder outside of work done by project specific work

Discussion items

Item	Who	Notes
	Bing Zhang	still needs to share link to paper he was looking at on hierarchical log
	Sara Lambert	Finishing things on Archival Added a debug mode behind a flag for things created in past hour - feedback on time frame? is this helpful?
	Maxwell Burnette	API Pagination Improvement pagination of API and other stuff Rob: how do we handle handcrafted URLs in Gui ... can this handle it Size Info dynamically returned via elastic search - how consistent is return? has to be in mongo and indexed in elastic search Option for sorting - it is in memory right now - not sure how ES handles sorting - sorting and explicit list is recommendation to go with elastic search PR in clowder - in order - include thumbnail in search, follow up WIP optimize list of get requests for files ... this has been updated with current implementation proposed in: https://opensource.ncsa.illinois.edu/bitbucket/projects/CATS/repos/clowder/compare/diff?targetBranch=refs%2Fheads%2Finclude-thumbnail-in-search&sourceBranch=refs%2Fheads%2Ffeature%2FCATS-1010-add-pagination-to-search-box-results&targetRepold=53
