**Lightning Talk on Friday:** Yan Zhao and Yong Wook Kim

## Series:  30 Things About Life I Wish I had Known 10 Years Ago

**4.  Don’t Start A Relationship If You’re Not In Love**
I’ve done this more than once. You kind of like someone and think: “We might as well give it a shot.” Not a good idea.
You’re either in love, or you are not. Don’t fool yourself. It’s not fair to you and the other person.

Don't start anything important unless it can be a priority for you - Do what intrigues you, explore what interests you; think mystery, not mastery (Julia Cameron)
