Discussion items

Item	Who	Notes
	Luigi Marini	<ul style="list-style-type: none">• 1.7.4 released. Rob Kooper don't think the docker image properly built for this.• 1.8.0 PR ready for review. Please add yourself to it if you can help review it. https://opensource.ncsa.illinois.edu/bitbucket/projects/CATS/repos/clowder/pull-requests/1403/overview.• Starting 2.0 refactoring conversation. If you have time to help out with this please contact Luigi Marini. Maxwell Burnette and Todd Nicholson will be working on this as part of the NSF CSSI grant. 2.0 - preliminary meeting Monday afternoon about 3• We will be starting some small improvements to the UI. If you have any suggestions please make a mockup and share it with the team.• Next webinar is next Friday. Tentative talks are Todd Nicholson about the flutter phone client and Colter Wehmeier about the Wikar AR client. (Luigi will double check)
	Maxwell Burnette	<ul style="list-style-type: none">• PR merged to fix space invitations - got familiar with log in with social accounts - useful for general development going forward<ul style="list-style-type: none">◦ is this documented on a wiki page anywhere (google or CILogin) - Max would like to◦ They are slightly different
	Bing Zhang	<ul style="list-style-type: none">• pycrowder extractors - third party libraries - how can we expose some minimal info - running third party software and capture an error which we are not capturing right now - need better information returned• TERRA Ref has same issue unsolved
	Sara Lambert	<ul style="list-style-type: none">• looking into different helm chart versions and how they connect to kubernetes• will provide link to confluence page with test results
	Rob Kooper	Luigi tagged him in an issue with 1.7.4 (see above)
