Discussion items

Item	Who	Notes
	Luigi Marini	- Created Roadmap document for planning next versions of Clowder - Roadmap - v2.0 will be removing some API support, rest of v2+ is internal updates, v3.0 will be Play 2.7 transition - Clowder Webinar will be next Friday, Todd and Colter will be presenting - Clowder v1.8 is under review, needs review and approval - Discussion of HTML formatting fix on Clowder lists due to mix of js and scala in pagination
	Maxwell Burnette	- Created PR for pyclowder to separate status and message and add helper functions to expose this to the user - Working on example of simple-extractor for datasets for TERRA - Need to add custom exception classes to pyclowder PR for manually aborted messages and special FailExceptions
	Bing Zhang	pix4d extractor work
	Sara Lambert	Testing of helm charts - writing this up on wiki pages
	Rob Kooper	Clowder extractor monitor from heartbeat showing version, consumers, messages, errors
	Todd Nicholson	Discussion of Todd's tree view implementation of TreeService class & injection
