

2019-11-22 Meeting notes

Date

22 Nov 2019

Attendees

- [Luigi Marini](#)
- [Mark Fredricksen](#)
- [Sara Lambert](#)
- [Maxwell Burnette](#)
- [Bing Zhang](#)
- [Rob Kooper](#)
- [Sandeep Puthanveetil Satheesan](#)

Discussion items

Time	Item	Who	Notes
		Luigi Marini	• 1.8 released, watchout for any problems • Max and Todd working on removing things for 2.0 Roadmap • Todd Nicholson is working with Illinois for mobile app "Clowder Mobile" ◦ Better name? ◦ Just "Clowder" • December Webinar? ◦ Permission / Roles / Spaces ◦ Config parameters that change the behaviour of the app ◦ Extractors Parameters (Sara Lambert) ◦ Enabling and Triggering of Extractors ◦ How to develop new Previewers and correlation with Extractors (Luigi Marini) ◦ Roadmap and releases
		Maxwell Burnette	• 3 WIP PR for 2.0 currently available ◦ deprecated endpoints ◦ geostreams (Todd) ◦ 3D files (Constantinos / Cyprus)
		Bing Zhang	• Python script to migrated existing data stored on the file system to S3 buckets and update mongo ◦ https://opensource.ncsa.illinois.edu/bitbucket/projects/CATS/repos/clowder/pull-requests/1411/overview
		Mark Fredricksen	• Starting to work on CSSI to maintain extractor cloud • Will work on new catalog next
		Rob Kooper	• Working on deploying Clowder to AWS • Setting up a Kubernetes cluster and an instance of Clowder connected to OSN • Central backed up instance for every new small use case vs standalone ones ◦ Need user quotas for central instance • Bug, when uploading a file, you can manually submit the file before the file is most to the final resting place ◦ Maxwell Burnette will work on this
		Bardia Heidari Haratmeh	• Bardia working on an extractor to urban heat island ◦ https://opensource.ncsa.illinois.edu/bitbucket/projects/CATS/repos/extractors-urban-heat-island
