2020-05-08 Meeting notes

Date

08 May 2020

Attendees

- Luigi Marini
- Bing Zhang
- Mark Fredricksen
- Maxwell Burnette
- Sara Lambert
- Shannon Bradley
- Rob Kooper

Discussion items

Time	Item	Who	Notes
		Luigi	• Clowder release v1.8.3. • pull request reviews and merges. • conversation with our industrial partner and collaborator. • working on the new clowder framework website (FAQ GUI collapsable, how to add local admin account, how to delete users). Will make a docker image and deploy it.
		Max	• the pull request of indexing on user data has been merged. • Pyclowder updates need to comply with the current version of Clowder.
		Shannon	• tweet Clowder release. retweet by OpenSci.
		Mike	• fix the issue on super admin, profile UI.
		Mark	• transformation tool catalog has been updated to allow users to upload transformation information. Will test the registration endpoint.
		Bing	• update script to clean AWS S3 bucket. Finish the cleanup on industrial project dev bucket. • pull request to dockerize the simple test to Clowder extractors.
		Rob	• moving Pyclowder repository to Github. • Clowder release v1.8.3 from Github.
