

2020-06-05 Meeting notes

Date

05 Jun 2020

Attendees

- [Luigi Marini](#)
- [Rob Kooper](#)
- [Shannon Bradley](#)
- [Maxwell Burnette](#)
- [Sara Lambert](#)
- [Bing Zhang](#)

Discussion items

Time	Item	Who	Notes
	Updates	Luigi Marini	<ul style="list-style-type: none">• Clowder 1.9 has been released<ul style="list-style-type: none">◦ Release tweet pending• Using GitHub going forward after 1.9 release<ul style="list-style-type: none">◦ Will start going down the list and migrating existing JIRA issues to Git◦ Clowder developers have been added contributors to GitHub organization◦ Open question: one repo per-extractor? Should this be strictly enforced?• External group reported a medium vulnerability alert from jQuery• Found/fixed various bugs during testing the branch upgrading Clowder to use Elasticsearch 7<ul style="list-style-type: none">◦ Not related to the ES7 migration• Discussion of ideas for automating testing the UI<ul style="list-style-type: none">◦ Selenium - can be tricky unless test cases are simple (recommend PageObject pattern)
	Updates	Rob Kooper	<ul style="list-style-type: none">• Had to leave early, no full update provided• API documentation is out-of-date - this may be causing confusion for external collaborators<ul style="list-style-type: none">◦ Updating Swagger
	Updates	Maxwell Burnette	<ul style="list-style-type: none">• Demo of WIP for selecting multiple files to support bulk operations in Clowder datasets - proposed operations:<ul style="list-style-type: none">◦ Show only marked - filter files list to show only those marked◦ Download All - download selected files as a ZIP (may take a bit of extra work)◦ Delete All - delete all selected files◦ Tag All - add the same tag to all selected file◦ Clear All - clear selection (and uncheck "show only marked"?)• Other improvements proposed (collected from project feedback)<ul style="list-style-type: none">◦ Convert selection datasets to collection ("Save Selection as Collection"?)◦ Selection becomes a list that can contain datasets, collection, spaces, etc◦ Generalized view with sorting options◦ Recently-viewed datasets, spaces, files, etc
	Updates	Sara Lambert	<ul style="list-style-type: none">• Quick note about "Image Flipbook" feature and <code>sortInMemory</code><ul style="list-style-type: none">◦ Default behavior of Next/Previous is always Newest to Oldest◦ Default behavior of file list in datasets view changes based on the value of <code>sortInMemory</code>
	Updates	Bing Zhang	<ul style="list-style-type: none">• bctest framework is looking good so far for testing extractors and Clowder backend• using graylog to persist extractor logs, but running into some issues - need to ask Rob Kooper
	Updates
