2020-06-26 Meeting notes

Date

26 Jun 2020

Attendees

- Luigi Marini
- Sara Lambert
- Mark Fredricksen
- Shannon Bradley
- Bing Zhang

Discussion items

Time	Item	Who	Notes
	Updates	Luigi Marini	• Fighting with GitHub Pages to deploy main website there. Once working will point clowderframework.org ◦ It's live! https://clowder-framework.github.io • Technical documentation to be moved to https://readthedocs.org • Two PRs in review, one from Max with new function, one Mike • Unclear if release will happen early next week • Spending time on the 2.0. Slow going but going.

		Sara Lambert	• Working on improved Extraction Job logging
			  ◦ Relate multiple logs to one job id
			  ◦ Learning PyClowder

		Mark Fredricksen	Transformations Catalog • Now in GitHub with Issues for tracking • 4 open PRs • Trying to fix any obvious bugs prior to presenting at the next Clowder community meeting • Adding improvements that will help make the catalog more user friendly • Have a number of issues still open that we will address as time permits
		Shannon Bradley	• Is this something we should do for Clowder? ◦ https://rseng.github.io/rseng/tutorials/showcase-your-software

		Bing Zhang	• New image metadata extractor
			  ◦ Extracts information about camera, creators, markings/tags
			  ◦ Use exiftool
			• New testing framework live on one project
			• Investigating how to use Graylog to aggregate logs from extractors

Action items

- [ ] Rob Kooper Bing Zhang Luigi Marini Discuss how to avoid spamming Clowder Slack with status messages since since we are using a free tier with a max number of messages kept
