- [Luigi Marini](#)
- [Rob Kooper](#)
- [Maxwell Burnette](#)
- [Sara Lambert](#)
- [Mark Fredricksen](#)
- [Bing Zhang](#)
- [Shannon Bradley](#)
- [Todd Nicholson](#)

Discussion items

Who	Notes
Luigi Marini	<ul style="list-style-type: none">• Mikes's PR on extractions job-ids is merged. Need to merge the pycrowder one and rebuild all extractors<ul style="list-style-type: none">◦ Need to test what happens with pycrowder branch merged and current clowder release• Next week there will be a Clowder steering committee meeting• Have not had time work on documentation• Try simple wordcount instead of regular word count
Bing Zhang	<ul style="list-style-type: none">• Use logspout and greylog to log all extractors docker<ul style="list-style-type: none">◦ logspout has a lot of interesting features and plugins
Sara Lambert	<ul style="list-style-type: none">• What happens with pycrowder branch merged and current clowder release?• Tagging and organizing extractors
Mark Fredricksen	<ul style="list-style-type: none">• Adding new polyglots converters to browndog catalog
Rob Kooper	<ul style="list-style-type: none">▪ Helper function to check if services are available, to be used in kubernetes as init containers.▪ Discovered an issue with cilogen and multiple clowder frontends. The oauth flow needs to go through one frontend. Stick login/authenticate in nginx to go to the same machine.▪ New industry streaming use case of large dataset from lab▪ How do we manage pycrowder updates?<ul style="list-style-type: none">▪ Move away from using latest in extractors and tag with specific versions▪ Need to notify community of new versions of pycrowder▪ We could have clowder require a certain version of pycrowder and notify users when they don't match
Todd Nicholson	<ul style="list-style-type: none">• Extra task - updating some of the old 4ceed extractors that did not work with new clowder/pycrowder. Some used python2 code from projects that were never updated.• Mobile app release in progress, resetting key took longer than expected. Closed release for iphone should be ready soon.• Plan for next week - focus on 2.0 release
Sandeep Puthanveetil Satheesan	<ul style="list-style-type: none">• Based rokwire contribute guidelines on the clowder one• Using detectsecrets package to check for secrets
