Discussion items:

Newsletter sent out 2/10/2021

Clowder All Paws Virtual Conference June 21 to June 24 - 3 hour sessions (some sessions may run side by side).

Clowder 2.0 Update

Googles Summer of Code

Storing Data on Clowder inperpetuity

Who	Notes

Luigi	• Submission to remote XSEDE HPC resources
	• Webinar went well, going up on YT
	• Producing 2-minute Clowder video for EOH this year
	• Clowder All-Paws session planning
	  ◦ technical vs. disciplinary sessions
	  ◦ prerecorded sessions?

Max	• RabbitMQ split PR & activity monitor service repo • Will be working on search improvements (sorting results by metadata fields)
Mike L.	• Amplitude / GA event consumers may not have all of the info we would get from the frontend. May be better to come up with a sort of hybrid solution for pushing both frontend and backend events • Starting discussions about event consumer pattern, cutting down on duplicated code
Michael J	
Bing	update jclowder and health mointor.
Mike B.	faceted-search: dev: alpha.geocodes.earthcube.org &finally got snapshot to alpha.earthcube.org Thinking of GSOC ideas
Rob	▪ GSOC need ideas ▪ Publish helmchart 0.9.1 ▪ GeoServer helm chart

Shannon	DataCite DOI's
Lisa	We need to spread the word about Clowder - CoE, ACES, LAS mailing lists. All Paws Webinar on 2/5/21 had 24 participants.
