Who	Notes
Luigi	absent
Max	- PR for searching by created date - https://github.com/clowder-framework/clowder/pull/174/files - Started work on metadata sorting - getting errors
Mike L.	- Found bug in pyclowder with Python 3.9 Docker base image - Apparently Thread.isAlive() has changed to Thread.is_alive() - Documenting the archival features: Archiving Files - PyCharm is a good resource tool to show deprecated functions
Todd	nothing to report
Bing	upgrade tagging extractor to use pyclowder 2.3.4. upgraded python - and did simple test and it worked PR is in place
Mark F	absent
Mike B.	will be doing more planning for next quarter and then can provide more updates EarthCube Review to show clowder off as well
Rob	GSoC has been submitted for the summer of 2021. We will find out results in March. New release for Clowder at the end of February. Pull request to expose user info as headers when using /api/me (for use when using auth_request in nginx)
Michael J	working on extractors finished OCR extractor and moved to pyclowder 2.34/python 3

Sandeep	if help is needed for mentors for GSOC - he is interested
Shannon	still need to update the agenda per recommendation from steering committee for All Paws Virtual Annual Conference
	EOH PPT done for SD - need to make video with voice over. Shannon shared the SD video of EOH.
