- [Sandeep Puthanveetil Satheesan](#) absent
- [Shannon Bradley](#) absent

Discussion items:

Re Presentations at Clowder All Paws: This is a collaborative effort. Your name assigned to a task does not mean you are solely responsible for the presentation

Who	Notes
Luigi	absent - began work on 2.0 again; get new Mongo going rather than re-write. It could be much more streamlined.
Max	• CDDR continuing on workbench integration, a demo is ~possible~ for next week. Going to leverage extractor architecture to move data into/out of containers. • Talk w/ Luigi about 2.0 from ground up idea • Updating IML instance of Clowder, been a while
Mike L.	If you have a public ID, there could be small issues, Mike L and Rob are good resources
Todd	absent
Bing	absent
Mark F	absent
Mike B.	Bing will help with EarthCube & can bring more Clowder knowledge for a possible back-port Did a dataset recommender using SPARQL & a sklearn demo
Rob	absent
Michael J	wrote documentation for Syngenta (pyclowder). This has been added to the wiki here . Michael J is open to presenting at Clowder All Paws on Extractors
Sandeep	absent
Shannon	Need suggestions for High Impact/really attention drawing Project Flyers that can be included in the swag bag sending a quick email to the steering committee asking if they have any pre-made ones we could include

Katie	Put some language around All Paws
Lisa	Clowder agenda needs to be finalized and registration needs to go out.

Action Items/To Dos:

- ☐ [Michael Johnson](#) will present at Clowder All Paws on Extractors
