Date

\$currentDateLozenge

Attendees

Yong Wook Kim

Bethany Blakely

Rob Kooper

Minu Mathew

Taylor Pederson

Agenda

1. Check sorghum post pyflux pro
2. Run maize basalt whole year
3. In L2.txt, is the `plot` section required or mandatory?
 - a. Not mandatory. L2 will run with or without Plots
4. In L2.txt, for RangeCheck - in some files the number of lower range items and upper range items does not match. Is this ok?
 - a. There will be either 1 or 12 (one for each month) comma separated items. Nothing in between.
 - b. If there is 1 item, that is repeated for every month (so it repeats the one item to all months).
5. L2.txt RangeCheck - there should be upper and lower?
 - a. Both lower and upper are mandatory
6. Additional data for other sites.
 - a. Taylor or Bethany will send the data.
