

SMM meeting notes 10/12/23

12 Oct 2023

Chen Wang Yong Wook Kim

Status check in

- Twitter paid plan (Chen) after RSE
- Radiant DNS? done
- Radiant security issue? everything now should be in subnet except ssh, http and https.
logs —> confirm with Rob what's it about?
- SMILE server release 0.3.1 done
<https://github.com/ncsa/standalone-smm-smile/pull/104/files>
Could YWK take care of the deployment
Additional environment needed with below values

```
SHARE_EXPIRE_IN=1
REDDIT_ON=true
TWITTER_ON=false
```

- Email PR status? Chen will continue following YWK's experiment
- Update docker compose with environment variables added in 0.3.1 (YWK) [in review](#)
- SMM v2 extractors demo video Link see here: <https://uofi.box.com/s/voo7d87i2ztecexab45ehd5sznkbygk1>

Debugging

- Clowder extractors after I delete them I lost them (Chen)
- Add heartbeat environment variable? (Chen)

Tasks next:

- Reorganize SMM repo (YWK)
- Update PPTs after reorganize the repo (Chen)
- Research on monitoring SMM usage status (YWK)
- Auto phrase SMM extractor (YWK)
- SMILE github action (YWK)
- Illinois Compute proposal (Chen)
- Gateway presentation (Chen) draft

Logistics

- Allocation discussion
